Digital Print

E' un materiale realizzato con un film misto PU/COPES, è supportato da un poliestere leggermente adesivo che consente di eseguire piccoli particolari e, nel caso, permette di riattaccare, prima del trasferimento, i particolari che potrebbero distaccarsi durante la lavorazione.

Applicabile su tessuti in cotone e poliestere utilizzando il nostro application tape.

Questo materiale è particolare per la facilità e soprattutto la velocità con cui si pellicola.

Digital Print

This material is made of a mixed PU / COPES film, supported by a slightly adhesive polyester that allows small details to be executed and also allows you to reattach, prior to transfer, particulars that may deploy during processing.

Applicable on cotton and polyester fabrics using our applicative tape.

This material is especially for ease and, above all, the speed with which it's filmed.

Application Tape

L'application tape si adatta perfettamente all'applicazione del nostro materiale Digital print.

Ideale per materiali fini ed elastici e per stampe di grandi dimensioni, disponibile in bobine da 25m.

Application Tape

The application tape fits perfectly with the application of our digital printing material.

Ideal for fine and elastic materials and for large prints, available in 25m coils.
